Add The Finishing Touch to your Home

MDF and Hardwood Mouldings add the finishing touch to your home. There is a great selection of Mouldings available in both Hardwood and MDF.

Most of our standard, MDF, profiles have a primed base coat.

MDF orders that are considered "special", due to oversized width or special style, will not be primed, unless requested and approved.

Most hardwoods species are available in 8 to 12 foot lengths. However, we carry various lengths up to 16 feet. Please check what lengths are available so that we may fit your project's needs.

Other Options Include:

- Mahogany
- Rustic Cherry
- Rustic Walnut
- Clear Hickory
- Rustic Maple
- Other wood species
